Amendments to the Mysore Jail Manual regarding the treatment of Special Class Prisoner by the Convicting Authority.

READ—

Government Order No. G. 2183-92 Prisons. 72-29-5, dated the 18th August 1930, issuing certain Rules regarding the treatment to be given to Special Class Prisoners.

2. Letter No. C. 625-2, dated the 1st September 1930, from the Inspector-General of Prisons in Mysore requesting that the convicting Magistrate may be directed to note in the warrant for the guidance of the Superintendent of the Jail whether any prisoner convicted by him is to be treated as a Special Class Prisoner in accordance with the Rules issued in the Government Order read above.

ORDER No. G. 3634-7—PRIS. 30-30-2, DATED 26TH SEPTEMBER 1930.

Government do not consider it necessary to authorise the convicting Magistrate or Judge to indicate in the warrant whether a prisoner convicted by him should be treated as a Special Class Prisoner. There is, however no objection to his making a recommendation to Government in the matter. They are accordingly pleased to issue the following amendment to the Mysore Jail Manual:—

Insert the following as Rule 207 B under Chapter XVI A—Special Class Prisoners—Rule 207 B.—If the convicting authority is the District Magistrate or the Session Judge or an Assistant Session Judge and such authority is of opinion that any person convicted, by him should be treated as a Special Class Prisoner, he shall at once submit his recommendation to Government.

If the convicting authority is a Magistrate subordinate to the District Magistrate, he should make the recommendation through the District Magistrate, who will submit the same with his own opinion to the Government for orders.

Chief Secretary to Government.

Travelling Allowance to Sanitary Inspectors attending Courts.

READ—

Letter No. O. C. 16, dated 4th July 1929, from the President, District Board, Kolar, stating that the payment of travelling allowance, etc., out of District Funds to the Sanitary Inspectors who are asked by the Police Department to go to Courts for giving evidence in Criminal cases, have been held under objection during audit on the ground that the journeys were not undertaken in the interests of the District Board and requesting that the objection may be caused to be withdrawn and clear instructions issued for meeting the charges in future.

ORDER No. L. 2562-79—L. B. 51-29-2, DATED 23RD SEPTEMBER 1930.

The Comptroller is requested to waive the objections in respect of expenditure already incurred for the purpose referred to above.

2. As regards the payment of travelling allowance, etc., charges in such cases in future, Government observe that the expenditure of the funds of the District Boards is regulated by Sections 45 and 65 of the Mysore District Boards' Regulation and there is nothing in either of these Sections to justify the charges in question being met out of the funds of the Board. Government therefore direct that in future such officers be granted batta under the rules of the Court, if any, and that the cost be debited to Government.

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Donation of M. R. Ry. Dharmaprakasa D. Banumiah to the Ayurvedic and Unani College, Mysore.

READ—

Letter No. P. C. 198 of 1929-30, dated the 19th—21st July 1930, from the Muzrai Commissioner in Mysore requesting sanction to the acceptance of a donation of Rs. 10,000, offered by Dharmaprakasa Mr. Banumiah of Mysore, towards the cost of the construction of an Ayurvedic and Unani In-patient ward and Hospital attached to the Ayurvedic and Unani College, Mysore, and for the contribution of the balance of the estimated cost of the building, from the Chattram Savings Fund.

2. Correspondence ending with the following letter No. P. C. 198—1929-30, dated the 25th—28th August 1930, from the same Officer submitting for sanction his revised proposals in the matter:—

"With reference to your letter No. 238—Muz 43-30-2, dated 29th July 1930, enquiring whether the cost of the sites on which the Ayurvedic and Unani Hospital building is proposed to be put up has been taken into account in arriving at the estimated cost of the building, I have the honor to state that the President of the City Municipal Council states that he does not apprehend any difficulty in getting the site free of cost from the Trust Board, (*vide* letter No. G. T. 186, dated 6th August 1930, copy enclosed). But, it is likely to take some time and even after acquisition, the site will be enclosed by a wall and used as a compound to the College

2. It is proposed to raise a first floor over the whole of the present building at a cost of Rs. 25,000 to accommodate both the College and the Hospital in one and the same building. This addition will give a more imposing appearance to the present building and will be in keeping with the other important buildings in the locality, such as the Sree Krishnarajendra Hospital, the Chamarajendra Technical Institute and the Medical College buildings. Sowcar Dharmaprakasa Banumiah is agreeable to the utilisation of the endowment of Rs. 10,000 granted by him for the construction of the Hospital, raising the first floor of the College building. When the Dewan had been to Mysore to open the College building, he expressed his approval for putting up an upstair to the building.

3. In these circumstances, I request that administrative sanction may kindly be accorded for the construction of the first floor to the present Ayurvedic College building, at a cost of Rs. 25,000, Rs. 10,000 to be met from the endowment of Dharmaprakasa D. Banumiah and Rs. 15,000 from the Chattram Savings Funds in two or three instalments.

4. I request that early orders of Government may be obtained in the matter, as at present the Hospital is located in a rented building about a mile from the College, and the work of both the institutions suffers on account of this distance."

ORDER NO. 611-17—MUZ. 43-30-4, DATED 16TH SEPTEMBER 1930.

The Muzrai Commissioner's proposal to raise a first floor over the present Ayurvedic and Unani College building at an estimated cost of Rs. 25,000 is approved. Plans and Estimates for the work should be got prepared very early and submitted for sanction.

2. Government accept with pleasure the generous offer of Rs. 10,000 made by Dharmaprakasa Mr. D. Banumiah on this account. The amount will be deposited in the Savings Bank at the State Huzur Treasury in the name of the Muzrai Commissioner to be transferred to the Public Works Department when the work commences.

The Muzrai Commissioner is requested to convey the thanks of Government to the donor for his munificent contribution towards the advancement of the study of indigenous systems of medicine.

3. The balance of the estimated cost of the building, namely Rs. 15,000, will be met from the Chattram Savings Fund in two equal annual instalments.

PUBLIC WORKS SECRETARIAT.

Acquisition of lands submerged under Krishnarajasagara.

READ—

1. Government Order No. 7726-28—L. R. 337-13-5, dated the 30th March 1914.
2. Letter No. C. 4216—29-30, dated the 2nd June 1930, from the Revenue Commissioner to the Development Secretary to Government.
3. Note No. D. 352, dated the 30th May 1930, by the Secretary to Government, Krishnarajasagara Works.

ORDER NO. P. W. 233-37—K. S. S. 1024-28, DATED 10TH SEPTEMBER 1930.

Land acquisition operations under the Krishnarajasagara are being settled till now on the basis of giving compensation for lands acquired by awarding lands in exchange, cash compensation being limited to about 20 per cent of the area for the benefit of those who are not agreeable to avail themselves of land compensation. This system

was working satisfactorily at the commencement of the operations, but latterly progress in the acquisition has been greately retarded owing to the want of sufficient area of good lands above the reservoir for being awarded, and to the unwillingness of the raiyats to accept lands given in exchange under the Irwin Canal and other channel extensions on account of the distance from their homes.

2. The question of settling compensation was therefore ordered to be investigated on the basis of cash awards for the remaining lands to be acquired up to the full storage level, and the Public Works Department and the Revenue Department have now jointly submitted a revised estimate of cost for adopting cash compensation as a general rule entailing a gross expenditure of Rs. 13·18 lakhs for completing the settlement. After allowing for credits to the extent of Rs. 2·50 lakhs for the irrigable lands still available for award, the amount of the revised estimates submitted is Rs. 10·69 lakhs, as shown in the appendix, involving a net excess of Rs 2·13 lakhs over the sanctioned estimate of Rs. 8·56 lakhs. It is also reported that this excess will eventually be more than covered by the higher rate of contribution promised by the raiyats in regard to the extensions of existing channels below the reservoir, in which cases one-third surrender was ordered in Government Order No. 5108-12—L. R. 119-28-6, dated the 22nd December 1928, for finding lands for settling compensation by land exchange, and that therefore there is no advantage in adopting land compensation by acquiring lands on the basis of one-third surrender.

Sanction is accordingly asked for to the following proposals made in the Note by the Secretary, Krishnarajasagara Works, read above:—

(1) The total estimate amounting to Rs. 13·18 lakhs excluding credits to an extent of Rs. 2·50 lakhs, the net amount being Rs. 10·69 lakhs as shown in the appendix,

(2) Using the 7,000 acres of dry lands reported to be availabe above the reservoir for purposes of award in the ratio up to the limit of 3 acres of dry land to one acre of dry land submerged, and

(3) Retention of the Land Acquisition establishment connected with the Krishnarajasagara Works with such reductions as are possible up to the end of December 1932.

3. Government are pleased to approve of the above proposals referred to. They desire that the acquisition proceedings should be pushed on vigorously and finally closed within the period now sanctioned.

Government also consider that the establishment of the Land Acquisition Officer is capable of substantial reductions. The Deputy Commissioner is requested to submit proposals in the matter within a month.

4. As it is stated that the lands that will be set free by the shifting of Yedatore Town have not been taken into consideration in framing the estimates and that such lands being irrigable are likely to fetch a good income when sold, the Deputy Commissioner is requested to submit a statement of the lands referred to with probable cost and to arrange for action being taken in due course for their sale.

Secretary to Government,

24. Mr. S. Narayana Rao to move :—

(*a*) That with a view to obtain an authoritative ruling on the vexed question of the respective powers of the President and the Commissioner, the same be refered to a Sub-Committee consisting of the President and four other Councillors for a thorough examination of the whole question, in all its aspects and report within a reasonable period.

Mr. S. Narayana Rao moved the above.

It was lost for want of a seconder.

(*b*) That, in the meanwhile, in order to promote good understanding and harmony, the President will in future please place before the Council for its information and approval if necessary, all covering letters forwarding resolutions to Government, in which opinions contrary to the letter and spirit of the resolutions find a place.

Mr. S. Narayana Rao moved this proposition. Some amendments to the above were suggested which Mr. S. Narayana Rao accepted. The proposition in the amended form ran as follows :—

That in order to promote better understanding and harmony the President will in future place before Council for its information copies of all covering letters forwarding resolutions to Government in which opinions contrary to the letter and spirit of the resolutions find a place.

This was seconded by Mr. B. L. Byanna. Mr. S. K. Venkatarangiongar raised a point of order that as the proposition amounts to cast an aspersion to the Chair, it should not be allowed.

PROCEEDINGS OF A SPECIAL MEETING OF THE CITY MUNICIPAL COUNCIL, BANGALORE, HELD ON FRIDAY THE 22ND AUGUST 1930, AT 5 P.M., IN THE COUNCIL CHAMBER OF THE CITY MUNICIPAL OFFICE, TO CONSIDER THE COVERING LETTERS, DATED 13TH AND 14TH AUGUST 1930, ADDRESSED BY THE COMMISSIONER TO GOVERNMENT IN RESPECT OF A GRANT OF RS. 50 TO THE DISTRICT CONFERENCE AND THE RESOLUTIONS OF MR. C. N. NARASINGA RAO ON THE CONDUCT OF POLICE ON 2ND AUGUST 1930.

Before the meeting commenced the President was requested to explain the circumstances which led him to call for the special meeting.

The President explained that he received two covering letters which were sent round for circulation among the members, addressed by the Commissioner to Government to be forwarded by him. He stated that the two covering letters contained remarks and criticisms

contrary to the spirit of the resolutions passed by the Council on the 6th July 1930 and also questioning the ruling of the President and that he had therefore asked the Commissioner to kindly modify the same. He then read out the correspondence that took place between him and the Commissioner and the commissioner having refused to modify the covering letters in spite of a resolution deprecating the habit of his writing covering letters with his opinion contrary to the spirit of the resolution, he thought it his duty to place the same before the Council. He therefore requested the members of the Council to give their opinion in the matter. He also pointed out that several subjects were taken up at adjourned meetings and disposed of by the previous Presidents. He stated he would not go against the terms of the Regulation and keep back references made to Government. As he thought there would be delay by placing the letters at the next ordinary general meeting he called for a special meeting to expedite matters.

Khan Bahadur Mohamed Abbas Khan proposed the following resolution which was seconded by Capt. Y. V. Ayya:—

"That communications addressed by the Commissioner through the President be transmitted to Government forthwith as required by section 24(A) of the Municipal Regulation and that in view of the fact that detention of such communications during the transmission and their discussion at the meeting of the Council are *ultra vires* being opposed to the spirit of the Regulation, this meeting be dissolved."

Mr. W. H. Hanumantappa raised a point of order and said that the proposition of Khan Bahadur was not in order as the President had not stated or refused to send lettlers to Government and that this was a special meeting called under section 26(2) and (3) and nothing else should be considered except the subject specified in the notice. Messrs. C. N. Narasinga Rao, Belur Srinivasiengar and S. K. Venkatarangiengar all supported this view and urged that the proposition should be ruled out of order.

The President then held that the proposition moved by Khan Bhahadur Mohamed Abbas Khan was not in order, the proposition not being connected with the subject on the agenda and in view of the fact that he had already stated that he would not keep back the communications without forwarding them to Government.

At this stage as it was past 7 P.M., Mr. S. K. Venkatarangiengar moved for an adjournment of the House and Mr. Belur Srinivasiengar seconded it and passed.

The meeting was then adjourned to 23rd August 1930, at 5-30 P.M. for want of time.

Mr. Belur Srininivasiengar opened the debate on the subject by observing that the President had assured the previous day that he had no idea of keeping back the letters addressed to Government by the Commissioner and wanted the opinion of the Council regarding the remarks questioning the ruling of the President and moved the following resolution.

"The Council views with serious disapproval the Commissioner's continuing to write covering letters to Government adverse to the resolutions of the Council, it particularly brings to the notice of Government that in its opinion it is highly derogatory to its self respect that its resolutions and rulings of the President should thus be questioned and flouted by one of its own officers and requests the Government to direct the Commissioner not to write such covering letters."

Mr. C. N. Narasinga Rao seconded the same.

Mr. S. K. Venkatarangiengar moved an amendment to the effect that the words "requests the Government to direct the Commissioner not to write such covering letters" be deleted and the words "directs the Commissioner not to write such letters" be substituted in its place. After some discussion the mover of the proposition accepted the amendment.

Mr. J. R. Isaac moved the following resolution:—

"As the Council is of opinion that covering letters sent to Government by the Commissioner on the resolutions of the Council will seriously prejudice the action of the Government, the Government be requested by the Council that it may be pleased to pass orders that this practice of sending covering letters on resolutions may be discontinued."

This was lost for want of a seconder.

The Municipal Commissioner stated that he could not obey such resolutions unless there was an order of Government to the contrary.

Messrs. S. N. M. Razvi, B. L. Byanna, S. K. Venkatarangiengar, Khan Bahadur Mohamed Abbas Khan and C. N. Narasinga Rao discussed the subject at very great length on various points of law and merits.

"The Council views with serious disapproval the Commissioner's continuing to write covering letters to Government adverse to the resolutions of the Council; it particularly brings to the notice of Government that, in its opinion, it is highly derogatory to its self respect that its resolutions and rulings of the President should thus be questioned and flouted by one of its own officers and directs the Commissioner not to write such covering letters."

Orders on the recommendations of the Public Accounts Committee.

READ—

Government Order No. Rel. 559-625—L. C. 10-29-2, dated 17th January 1930, constituting the Public Accounts Committee for the year 1928-29.

2. Audit and Appropriation Report of the Comptroller on the Accounts for the year 1928-29, received on 7th March 1930.

3. Report of the Public Accounts Committee on the Audit and Appropriation Report for the year 1928-29.

4. Letter No. 42—30-31, dated 8th August 1930, from the Registrar, High Court, issuing circular instructions to the Sub-Civil Courts for remedying the irregularities noticed in the Civil Courts' Auditor's Report 1928-29.

ORDER NO. FL. C. 16-18—G. F. 63-30-1, DATED CAMP MYSORE, THE 8TH OCTOBER 1930.

Government observe with satisfaction that in accordance with the usual convention the Public Accounts Committee dealt with the Comptroller's Report on the Audit and Appropriation Accounts for the year 1928-29 and submitted its own report in time for being placed before the Legislative Council at the June Session, 1930.

2. Government have considered the Comptroller's report with the recommendations of the Committee and are pleased to pass the following orders on the more important points brought to their notice.

PART I.

3. PARAS 4 TO 8.—*Appropriation Report—Variations in actuals from Grants.*—The Committee states that the year 1928-29 records some improvement over the previous year's result; but it emphasises the view that further endeavours should be made to frame estimates as accurately as possible and to minimise divergences between them and the final results. Government endorse this opinion. As the Committee has rightly pointed out sanction to the reappropriation of funds should invariably precede and not follow the incurring of expenditure. Government agree with the Committee that timely action should be taken by Departmental Officers to prevent excesses over grants and to explore possibilities of reappropriation before applying for additional grants. The attention of all heads of departments is once again invited to the observations contained in paras 5 and 6 of Government Order No. Fl. 1078-1138, dated 12—14th August 1929.

4. PARA 10.—*Lumpsum Grants.*—Government fully agree with the Committee's observations made in this paragraph about lumpsum grants. It is obvious that the objects for which provisions are made in the budget should be indicated in sufficient detail for enabling audit to watch that the relative expenditure is within the scope of

the grant but in the rare cases in which lumpsum grants are made it is necessary that the audit office should be invariably furnished with a detailed statement of appropriations duly sanctioned by competent authorities before expenditure is incurred against lumpsum grants.

5. PARA 12.—*Reconciliation of Departmental Figures with Treasury Figures.*—Government regret to observe that in spite of the instructions given in para 17 of Government Order No. Fl. 648-707—G. F. 224-27-1, dated 24th July 1928, adequate steps are not taken for the reconciliation with the Treasury credits of the collections claimed in the Departmental Accounts, especially in the Revenue Department. The Revenue Commissioner and all other Heads of Departments responsible for collection of revenue are requested to examine if the existing rules adequately provide for such reconciliation being automatically effected and if the prescribed procedure is being followed.

PART II.

6. PARA 14 IBID.—*General Remarks.*—The Committee has commented on the inadequacy of action taken by departments in respect of some irregularities brought to notice by the Audit Office. Reference has been made to the delay in the disposal of audit notes and inspection reports. It is stated that for want of adequate information the Committee could not finally deal with a number of cases mentioned in the Comptroller's Report. Government trust that Heads of Departments will pay greater attention to audit objections and irregularities and that as soon as Comptroller's Audit and Appropriation Report is published prompt action is taken to institute the necessary investigation into the cases mentioned in it, so that the Public Accounts Committee may finally deal with them.

7. PARA 15.—*Working of the Internal Audit System.*—Government note with appreciation the Committee's remarks on this subject. The question of equipping the Public Works Department with an effective system of internal audit has been considered but no final orders have been passed in the matter. The Committee's recommendation is referred to the Chief Engineer for a re-examination of the question and for necessary further action.

8. PARAS 16 AND 17.—Government endorse the observations of the Committee that proper accounts should be kept both in the supplying and purchasing departments of materials for which advance payments are made, and that the standing orders regarding the periodical check and verification of stock should be strictly followed.

9. PARA 19.—*Depreciation Fund of the Iron Works.*—The Committee suggests that the necessary annual provision on account of depreciation should find a record in the accounts whether the concern works at a profit or loss. This is referred to the Iron Works Board for consideration.

10. PARA 21.—The Chief Electrical Engineer is requested to forward to Comptroller for inclusion in the next report a brief review of the working of the Stores Committee constituted in Government Order No. Fl. 2320-79—G. F. 271-26-9, dated 23rd September 1927.

11. PARA 22.—*Financial Results of Industrial Concerns.*—Under standing orders the working of all the concerns managed by the Industries and Commerce Department is subject to periodical review and Government are not convinced of any need for the constitution of any outside agency for enquiry into the financial position of these concerns. It is desirable, however, that the public should be kept informed of the actual results of their working and the Director of Industries and Commerce is requested to examine if the present arrangements for their publication are adequate and if not how they can be improved.

12. In regard to other matters dealt with in the Committee's report or their proceedings, Government desire that the suggestions made by the Committee should receive the careful attention of Heads of Departments with a view to all necessary action being taken to remedy the defects brought to notice.

Financial Secretary to Government.

Present.

V. Venkatappa, Esq., President.

H. R. Guruva Reddy, Esq., B.A., LL.B., Vice-President.

Members ... ... 41 | Absent 2

Mr. C. Ellappa Chetty, the Assistant Director of Agriculture, Mysore Circle, was also present on invitation.

Read the proceedings of the three previous meetings of the Board held on 4th June, 31st July and 1st September 1930 and confirmed the same with the addition of the words "Irregularities in" after the words "responsible for the" in line three of Resolution No. 4 of the Special Meeting of the District Board held on 31st July 1930.

Mr. M. Pillappa asked why his resolutions were not included in the Agenda. The president replied that it was not possible to include them in the Agenda as they were not received in time, as per rule No. 8 of Notification No. L. 5470—L. B. 25-26-55, dated 5th February 1927.

Mr. M. Ramiah suggested that copies of the District Board Regulation and Rules thereunder should be either typed or cyclostyled and distributed to all the Members for their information in the event that the printed copies are not available for sale. Some members expressed the opinion that it would be very costly to get it typed or cyclostyled and it was suggested that the copy that is available in the Office may be made accessible to all Members.

Mr. B. Nagappa, Bar-at-Law, as a Member of the Standing Committee, introduced the Budget to the House on behalf of the Standing Committee.

Then Mr. N. Surappa explained the Budget in great detail. Mr. B. Srinivasa Iyengar and B. Abdul Rahmon, B.A., wanted to know the present financial position of the Board before entering into the discussion of the Budget. Then Mr. B. Nagappa, explained to the House that all the facts and figures required were available in the Budget Estimates, copies of which had been supplied to the members.

Then Mr. B. Abdur Rahmon, B.A., moved the following resolution :—

"The Estimates of the Budget for the year 1930-31, prepared and placed in the hands of the Members do not reveal the actual financial position of the District Board under the following three heads :—

1. Normal income and expenditure,
2. Debt Head do
3. Abnormal do

and it was not possible for the office to furnish the information readily when it was asked for. Therefore, this District Board resolves that the consideration of the Budget be taken up immediately after the above information is furnished."

Mr. M. Pillappa seconded the resolution.—

The President replied that the preparation of the statement would take a little time and that he would have it made ready in the course of the day.

After some discussion, the resolution was put to vote and was carried.

The Audit Report of the accounts of the Park Fair was taken up next and its consideration was deferred according to the suggestion recorded by the Standing Committee which was read out by the President.

Then the House rose for lunch and met again for business at 4 P.M. A statement giving the information referred to in Mr. B. Abdur Rahmon's resolution was now ready and the President said that it was available to the members for reference, and it was also explained in great detail to the House.

Mr. B. Abdur Rahmon, B.A., at this stage, pointed out that the Budget could not be considered then on account of his resolution previously passed and he quoted section 29 K in support of that view.

The President ruled out the objection as that section could not apply to the facts of the case and pointed out that the discussion of the Budget may proceed as the information asked

Then followed the discussion of the Budget :—

Additional allotments was proposed and passed under the following heads :—

	Rs.
D. Public Health Safety and convenience	4,982
A. Public Works Special Repairs	10,000
Repairs to Veterinary Dispensaries' staff quarters	1,500
Vydyasalas	2,000
Equipment to Travellers' Bungalows	2,000
Contribution to Veterinary Dispensaries	2,000

Mr. B. Abdur Rahmon, B.A., observed that the amount of Rs. 25,000 allotted for Special Repairs under abnormal expenditure should be brought under normal expenditure and secondly the provision of Rs. 1,000 for enhanced grants for Vydyasalas, which was also classed under abnormal expenditure, should go under normal expenditure.

It was brought to the notice of the Board by Mr. C. Yellappa Chetty, the Assistant Director of Agriculture, that no amount had been provided in the Budget towards the development of Agriculture. The President replied that grants for Agricultural implements may be made out of the Economic Development Funds.

The discussion having come to a close, Mr. V. M. Rudrappa moved the following resolution :—

"Resolved that the Budget Estimate of the Bangalore District Board for 1930-31, as prepared by the Standing Committee with all its resolutions excepting the resolution regarding the contribution to Vydyasalas in the Municipal limits, be adopted."

Mr. N. Surappa seconded it and Mr. B. M. Munisamappa supported the same, and it was passed unanimously, Mr. B. Abdur Rahmon, B.A., dissenting.

The Meeting was adjourned to 18th October 1930, for consideration of the remaining subjects on the Agenda.

V. VENKATAPPA,

Voters were recorded with the following results :—

Mr. Narayana Setty	...	...	... 13
Mr. Guruchannabasviah	...	...	.. 13
		Total	... 26

As there was a tie, a selection of one of them was made by lot immediately in the folling manner :—

Six envelopes were taken. The name of each of the candidate was written on two separate slips of paper and put into two envelopes. Blank slips were put into the remaining envelopes and all of them were sealed. The envelopes were well mixed up and put into a tray. A boy from outside was called in and was asked to pick out any one of the envelopes. But before he did so, it was declared by the President at the suggestion of Mr. H. Gundappa that the name of the candidate which picked out first would be considered as successful. The first envelope picked out by the boy contained the name of Mr. K. Narayana Setty. Hence he was declared as duly elected as Vice-President.

The following is recorded on the motion of Mr. Guruchannabasaviah (defeated candidate) :—

The voting papers (envelopes) were taken out from the voting box and were sorted Mr. Guruchannabasaviah had obtained 13 votes and Mr. Narayanasetty, 12, and in the remaining one envelope, the names appeared to be untouched. The President thereupon was about to declare that Mr. T. Guruchannabasaviah, had been elected. In fact that word had just then been uttered ; when Mr. Doddegowda, one the members brought to the notice of the President that the one envelope which was considered invalid was not really so as it contained the mark of Mr. Guruchannabasaviah's name being scored out. Then the envelope in question was inspected closely by the President and other members and it was found that Mr. Guruchannabasaviah's name had been scored out. But the impressions were not of a pencil. They appeared to have been made by pencil, the lead of which had been broken. It was also ascertained later on that the lead of the pencil had been broken and the pencil was subsequently mended. This pencil and the wooded pieces pealed out at the time of mending it or at the instance of Mr. Guruchannnabasaviah and Mr. Nanjiah Setty respectively put into the sealed cover which contains the voting papers. Since the marks on the envelope in question were clear indication of the name of Mr. T. Guruchannabasaviah having been scored out by the voter, it was taken as a vote in favour of Mr. Narayanasetty. It was then declared that both the candidates had obtained an equal number of votes and the selection was thereupon made by lot accordingly to rules.

At the close of this special meeting another special meeting was held.

No. G. 4185—Mly. 97-30-2, dated 21st October 1930.

The following communique issued by the Government of India, Army Department, regarding the formation of duty squadrons on mobilisation is published for general information.

Letter No. A. 41049-1 (A. G.-2) from the Government of India.

ARMY DEPARTMENT.

Dated Simla the 29th August 1930.

I am directed to say that the Government of India sanction the accompanying scheme for the registration, in peace, of discharged soldiers willing to be employed in duty squadrons (dismounted) of the Army in India to be formed on mobilisation.

2. Each Cavalry Group Centre will be responsible for carrying out the registration in peace and the calling up on mobilisation of personnel for one duty squadron.

3. No expenditure (other than on account of postage) will be incurred in peace in connection with the registration of the above personnel.

4. Local Governments and Administrations are being asked to make the provisions of the scheme known to as many *ex*-Indian officers and other ranks as possible.

Scheme for the registration in peace time of discharged soldiers willing to be employed in Duty Squadrons (dismounted) of the Army in India, on mobilisation.

1. *Recruitment.*—For purposes of recruiting, raising and maintenance of personnel, each duty squadron will be attached to a Cavalry Group Centre.

2. *Registration in peace time.*—Officers Commanding Cavalry Group Centres, will, in peace time, maintain registers containing particulars of *ex*-Indian officers and *ex*-soldiers of their own groups, who are eligible and willing to serve in these duty squadrons. No payment will be made on registration and no retaining fee will be admissible.

Special forms for use on registration (India Army Form 942) and for calling up men on moblization (India Army Form 941-A) have been introduced and will be supplied on indent to registration officers.

3. *Procedure on mobilization.*—On general moblization, the Officer Commanding the Cavalry Group Centre will immediately call up men registered for employment with the duty squadron of his Group Centre, up to the numbers considered necessary, according to the state of expansion of the Group Centre (*vide* War Establishments, India, Volume IV). From the date on which they join, they will become part of the Group Centre and will take over routine dismounted duties at the discretion of the Commanding Officer.

4. *Eligibility.*—All *ex*-Indian officers and *ex*-soldiers, including *ex*-reservists, whether discharged or pensioned, will be eligible for re-employment or re-enrolment in duty squadrons, provided that they bear a good character and are medically fit for service in India.

Officers and men (except ex-reservists and pensioners) who are medically fit for service in the field will not be accepted, as this might affect detrimentally recruitment for fighting units.

5. *Terms of service.*—(*a*) *Ex*-Indian officers will be re-employed in the permanent rank held by them on retirement. They will, however, be employed, with due consideration to their rank and seniority, in the duties for which they are considered suitable by the Officer Commanding Cavalry Group Centre, to which they are attached and will receive the pay and allowances of the appointment held (within the ranks and numbers authorised in the war establishment for a duty squadron) as received by incumbents of similar appointments in permanent units.

Ex-non-commissioned officers and men will be re-employed in the rank and appointment considered most appropriate to their previous rank and to their qualifications at the time of re-employment.

(*b*) Service will be for the period of war (or emergency) and 12 months thereafter provided that their services are so long required.

(*c*) Enrolment and attestation will be on India Army Form K.-1162. Attestation will be carried out immediately on enrolment.

(*d*) Promotion in and to Indian commissioned and non-commissioned rank may be made as required to complete establishment.

6. *Class Composition.*—As far as possible, the class composition of the duty squadron will correspond to that of the regiments of the group to which it belongs. The proportion of classes in the duty squadron is left to the discretion of the Cavalry Group Centre Commander.

7. *Pay and Allowances.*—(*a*) The officer commanding the duty squadron will be entitled to pay as admissible to an officer regimentally employed in the same capacity.

(*b*) Whilst actually employed, Indian officers and other ranks of Indian duty squadrons will be entitled to emoluments as follows:—

(*i*) Pay of rank at Indian cavalry rates.

(*ii*) Pension already earned.

(*iii*) Good service, good conduct or proficiency pay: (*a*) During service in the rank of sowar, good conduct or proficiency pay at the rate to which entitled immediately prior to discharge. (*b*) On promotion to non-commissioned rank, good service pay or the good conduct pay to which the soldier's character and service on the active list, viewed as that of a sowar would entitle him, whichever is more favourable.

(*c*) Service with duty squadrons will count as qualifying service for pension in cases where a pension has not already been earned subject to the usual condition as regards the refund of gratuity which may have been received, but in no case will such service be permitted to count towards any increased rate of pension where pension has already been earned.

(*d*) The squadron clerk will receive grade pay as admissible to a third grade clerk.

(*e*) The following squadron allowances will be admissible:—

(*i*) An initial grant of Rs. 30 to cover the cost of purchase of books and stationery.

(*ii*) A monthly allowance of Rs. 30. These allowances will be drawn on the following conditions:—

(*a*) The initial grant when the squadron is started.

(*b*) Half the monthly allowance when 50 and the full allowance when 100 men have been enrolled in the squadron.

8. *Rations.*—Free rations while employed, as admissible to the Indian Army, *vide* scales of rations and supplies issued by the Indian Army Service Corps.

9. *Passages.*—Free passages by rail, road, river and sea from their place of residence to the unit and thence to their homes on demobilization.

10. *Furlough and leave.*—Casual leave only will be admissible during the first year's service in duty squadrons, after which 2 months' leave and 2 months' furlough may be granted in alternate years at the discretion of the officer commanding the regiment, provided the exigencies of the service so permit.

On demobilization, one month's leave on full duty pay will be granted.

11. *Followers.*—Will be engaged as class II followers at the lowest rates of pay at which obtainable locally [Army Instruction (India) No. 287 of 1922].

12. *Equipment and clothing.*—No clothing allowance will be admissible. Clothing and equipment will be issued on the scales laid down in Equipment Tables, and will remain the property of Government.

13. *Periodical verification.*—Verification of all men registered for duty with duty squadrons will be carried out annually by Local Governments and Administrations on nominal rolls showing last known addresses which will be supplied to them by Officers Commanding Cavalry Group Centres on the 1st April of each year. In the case of men who reside in the Indian States of Patiala, Kashmir and Gwalior, the verification will be carried out by means of reply-paid postcards despatched by the Officers Commanding Cavalry Group Centres, to those registered by them.

3. The Municipal Commissioner, Bangalore City Municipality, Bangalore.

Government having in their Order No. 1266-75—MI. 365-29-2, dated 13th August 1930, sanctioned the proposal to stock in this office and supply the receipt books relating to the collection of several items of revenue of the Municipal Bodies in the State, the following subsidiary instructions are issued in the matter:—

(i) The receipt books in the marginally noted forms of Municipal Manual, Part II Accounts, which were hitherto being supplied by the Superintendent, Government Printing, will henceforward be supplied by this office. The Superintendent, Government Printing, has been requested not to supply books in these forms direct to any Municipality or Deputy Commissioner.

Form No. 16 B for House tax	
Do. 17 B for Profession tax.	
Do. 28	Octroi
Do —	For Mis. Receipts and for taxes other than Pound and Octroi
Do. 63	For Pound
Do. 64.	

(ii) Every Municiaplity should in future apply to this office in the following form for these receipt books a fortnight before the last receipt book is likely to be exhausted and the indent should include a supply required for the next three months:—

Name of Municipality	Name of form	Date of last supply	Number supplied	Blance on hand	Number now required	Remarks.	Signature of President or Vice-President

(iii) The practice which is prevalent in some Municipalities of issuing receipts in any counterfoil form availabe when a stock of the prescribed form is exhausted should be discontinued at once. Arrangements should be made to keep on hand a sufficient supply of receipt books in the prescribed form and the use of other substitutes strictly avoided.

(iv) In the consolidated indent of the forms, etc., of the Municipalities to be sent to the Superintendent, Government Printing by the 31st March of each year by the Deputy Commissioner, as per Note 2 to Rule 377, Municipal Manual, the receipt books in the forms referred to at (i) above, which are supplied by this office, should be omitted to be included and a separate annual indent for them sent to this office. This latter will be used for estimating the requirements of the local bodies and getting the forms printed but the actual supply to the Municipalities concerned will be made only on receipt of indents referred to in (i) above.

(v) Of the receipt books in forms 16 B, 17 B, 20, 28, 63 and 64 now in stock in the several Municipalities a supply sufficient to last for the next three months may be retained and the remaining books returned to this office at once with a report as to the number of books of each kind on hand, number retained for use in the next three months and number returned. An acknowledment will be sent by this office for the receipt books returned which should be filed carefully and produced during local audit.

(vi) The receipt books supplied by this office should be continued to be entered in a stock book and accounted for as hitherto in the manner indicated in rule 377, Municipal Manual. Till receipt books containing machine numbered pages are supplied the pages in each receipt book should be serially numbered and a certificate as to the number of pages contained therein furnished under the signature of the President or the Vice-President before bringing it into use. The Municipal seal should be affixed on the top of each page.

(vii) With a view to enable this office to get a sufficient supply of these forms in advance from the Superintendent, Government Printing, the President of each Municipal Council (the Municipal Commissioner in the case of Bangalore City Municipality) is requested to intimate to this office, without delay the actual number of the books under each of these

Advance for the Purchase of Products of Hand-looms Weavers.

READ—

Government Order No. D. 2347-55—I. & C. 375-29, dated 26th August 1930, sanctioning an advance of Rs. 25,000 to be placed at the disposal of the Mysore Bank for being advanced to merchants to enable them to purchase the products of hand-loom weavers, Bangalore City, who cannot otherwise dispose of their goods and directing the constitution of a Select Committee to supervise the operations relating to the advance of this amount and its recovery.

2. Correspondence ending with letter No. C4—128-30, dated 12th September 1930, from the Director of Industries and Commerce, submitting a copy of the proceedings of the first meeting of the Select Committee held on 29th August 1930, together with his recommendations thereon and requesting that the relationship of the Committee to the Director may be defined.

ORDER No. D. 114-16—I. & C. 375-29-16, DATED CAMP MYSORE, 8TH OCTOBER 1930.

The Committee constituted in the Government Order dated 26th August 1930 read above met on 29th August 1930 and while reporting that the concessions sanctioned in the Government Order could not be utilised for want of sufficient time, have represented that the sum of Rs. 25,000 sanctioned by Government is inadequate, and request an advance of Rs. 50,000 per month for a period of six months, and a grant of Rs. 60 per mensem for six months for meeting shop rent and other expenses including the salary of a clerk, etc.

The Director of Industries and Commerce who was requested to submit his further recommendations in this behalf has now made the following proposals after consulting the Registrar of Co-operative Societies, the Bank of Mysore and the above-mentioned Committee:—

(1) The Committee should, in consultation with the Mysore Bank prepare a list of merchants eligible for advances, and the total amount of advance admissible to each merchant.

(2) Merchants should be charged 4 per cent interest on the amount advanced.

(3) The amount that may be placed at the disposal of the Mysore Bank should be raised to Rs. 1,00,000.

(4) All agreements obtained from borrowers in connection with this relief should be drawn up in favour of the Bank of Mysore, the Bank being authorised to take all necessary action in regard to the recovery of such advances as they fall due.

(5) The Bank should be paid a commission of 1 per cent on the total amount advanced in addition to their out of pocket expenses in warehousing the goods taken as security for the loans.

(6) The relief proposed to be granted should be for a period of three months and the period of repayment should in no case exceed one year from the date of advance.

(7) A separate allotment should be sanctioned to meet these charges.

On a careful consideration of the recommendations of the Director, Government are pleased to approve of the same with the following modifications:—

The amount to be granted for giving relief under the present scheme will be raised from Rs. 25,000 to Rs. 50,000 and a lumpsum grant of Rs. 250 will be given to meet the shop rent and establishment charges of the Committee against the sum of Rs. 60 per mensem asked for by them. The Comptroller is requested to place at the disposal of the Mysore Bank a sum not exceeding Rs. 50,000 on the receipt of a requisition from the Director.

2. The out of pocket expenses to be paid to the Mysore Bank will be ascertained and definitely fixed by the Director, early, with the approval of Government.

The Director is requested to report early the exact amount required to meet the entire expenditure in this connection so that a demand may be placed before the Legislative Council at its next Session. He is also requested to make suggestions in consultation with the Committee for fixing the relationship of the Committee with the Director.

Grant by the Sri Parakalaswamigalu for the encouragement of the study of Agama Sastras.

READ—

Government Order Nos. 1356-9—Muz. 133-27-12, dated 21st January 1929 and 1342-5—Muz. 133-27-22, dated 7—8th January 1930, passing orders in the matter of the training of Pandits in Agama Sastras.

2. Letter No. 345 of 1930-31 dated 1st—2nd September 1930, from the Muzrai Commissioner, submitting proposals for the constitution of a Committee for the management of the Agama Classes:

"In forwarding herewith a copy of letter dated 19th August 1930, together with that of its enclosure received from Mahamahopadhyaya Panditaratnam Lakshmipuram Srinivasachariar, forwarding certain proposals for the management of the Agama Classes opened in the Maharaja's Sanskrit College, Mysore, I have the honor to state that Mr. Srinivasachar under the instruction of His Holiness the Parakalaswamigalu suggests the appointment of a separate Committee consisting of 7 members as noted in the margin with the Parakalaswamigalu at its head and the Principal of the Maharaja's Sanskrit College as Secretary, for the management of the Agama Classes. This Committee is proposed to have control over all matters relating to the Agama section with a view to secure efficient control over the same.

1-3. The three professors of the three different schools of Vedanta of the Maharaja's Sanskrit College.
4. The Adyaksha of the Bangalore Sankara Matha.
5. Principal, Sanskrit College, Melkote.
6. Mahamahopadhyaya Panditaratnam Lakshmipuram Srinivasachariar.
7. Principal, Maharaja's Sanskrit College, Mysore, Secretary.

During my personal conversation with the Parakalaswamigalu when I had last been to Mysore, he stated that he is prepared to contribute Rs. 500 per annum towards the Agama Classes and to invest for the purpose later on a sum which would fetch that amount and that he is also agreeable to supervise the affairs of the section as proposed. As the three Pandits who are now receiving training in the different systems of Agamas under the scheme sanctioned in Government Order No. 1356-9—Muz. 133-27-12, dated 21st January 1929, will be available for appointment as Agama Professors in the College within the course of the next few months with a view to give training to the younger members of the families of the Archaks under the revised scheme, the appointment of the Committee consisting of members possessing expert knowledge in this branch of ancient learning, exclusively for the management of the Agama Classes is quite necessary in the interests of the training in this branch and the proposals of Pandit Srinivasachariar in this behalf appear to be sound.

I submit the proposals for kind sanction of Government. This would secure a permanent pecuniary grant from His Holiness the Parakalaswamigalu. The Swamigalu has also agreed to afford feeding in his Mutt to the students of the Sreevaishnava sect that undergo training in Agama.

A copy of the letter received from the Agent of the Parakalaswami Mutt, stating the conditions under which 20 students studying Vaikhanasa and Pancharatra Agamas will be fed in the Mutt is also sent herewith."

ORDER NO. 915-18—MUZ. 127-30-2, DATED 25TH OCTOBER 193[illegible]

The recommendations of the Muzrai Commissioner are sanctioned. Government accept with pleasure the generous contribution of Rs. 500 per annum made by the Sri Parakalaswamigalu for the benefit of the Agama Classes.

Secretary to Government,

GENERAL SECRETARIAT.

Draftsmen's Class.

READ—

Letter No. 2530 of the 12th August 1930, from the Chief Engineer of Mysore, recommending the opening of a Draftsmen's Class in the School of Engineering, Bangalore, from September 1930.

2. Letter No. A2. 862 of 30-31, dated the 3rd September 1930, from the Director of Public Instruction, stating that if funds can be made available by the Public Works Department, he can arrange for the opening of the above classes.

3. *Notes* ending with No. D. 403 of the 29th September 1930, by the Secretary to Government, Public Works Department, stating that the cost would be met from the Public Works Department and Krishnarajasagara Works Budgets in equal proportion for this year and seeking approval for the immediate opening of the Draftsmen's Classes.

ORDER NO. D. 90-95—EDN. 170-[illegible]30-1, DATED CAMP MYSORE, 7TH OCTOBER 1930.

The Secretary, Public Works Department, has reported that when vacancies of Draftsmen in the Public Works Department were advertised during the past few years, duly qualified candidates were found not to be available and candidates who passed the Sub-Overseer's Examination were employed against such vacancies when available or when they could not be had, imperfectly trained candidates had to be employed temporarily with the result that the quality of work in the Drawing Branch of the Public Works Department has been deteriorating. He therefore proposes that a Draftsman's Class be opened immediately in the School of Engineering, Bangalore.

2. In view of the urgent necessity brought to notice, the Government are pleased to approve of the recommendation of the Public Works Secretary to open a Draftsmen's Class immediately in the School of Engineering, Bangalore, and to continue it

for a period of three years in the first instance. The Syllabus showing the course of studies proposed together with the additional establishment required to open the classes as shown in the annexure is approved. The Director of Public Instruction is requested to arrange, in consultation with the Chief Engineer, for the opening of the class immediately as also for the selection of the candidates for admission to the class from those who have successfully gone through the first year's course of the Sub-Overseers' Class and obtained high marks in drawing. The number of students to be admitted to the class may be limited to a maximum of ten as stated in the Public Works Secretary's Note.

3. The allowances recommended for the existing School Staff and the employment of part-time Lecturers are also approved. The selection of outside Lecturers may be made in consultation with the Chief Engineer. The cost on account of the opening of the Draftsmen's Class during the current year including the above allowances is reported to come to about Rs. 2,300 nearly. Half of this amount will be met from the grants for the Krishnarajasagara Works and the other half from the general savings under "23 Irrigation and 24 Civil Works" of the Public Works Department grants.

4. The Public Works Secretary notes that the scale of pay of the Draftsmen has not been revised for over 11 years and that this service compares very unfavourably with that for the Sub-Overseers and that that is also one of the reasons for the service being unattractive. Proposals for the revision of the scale may be submitted separately by the Chief Engineer for orders of Government. All passed students from this class should be absorbed in the Public Works Department against permanent vacancies.

R. RANGA RAO,
General Secretary to Government.

1. Para 151 of the Report of the Public Accounts Committee on the accounts of the year 1928-29, deprecating the practice prevailing in certain Sale Depots, of allowing the delivery of timber sold to purchasers before the sale is confirmed and suggesting that the question of enhancing the powers of District Forest Officers to confirm sales up to Rs. 1,000 might be investigated by the Chief Conservator of Forests.

2. Letter No. I. 83-29, dated the 28th August 1930, from the Chief Conservator of Forests in Mysore, submitting his proposals on the subject.

ORDER THEREON NO. G. 3929-3C—FT. 77-30-4, DATED 11TH OCTOBER 1930.

The District Forest Officers have at present power to confirm timber sales up to Rs. 500 in value and sales exceeding this limit require confirmation at the hands of Conservator or the Chief Conservator as the case may be. But in actual practice, in cases of sales exceeding Rs. 500 in value, the District Forest Officers are said in the habit of allowing the removal of timber sold before the sale is confirmed the convenience of purchasers coming from the adjoining British Districts. practice should in future be discontinued as it will have the effect of compel- the higher authority to confirm the sale or will lead to complications if the sales not confirmed.

2. With a view to obviate the inconvenience that is likely to be caused to the purchasers of timber by the existing rules, Government are pleased to direct that the powers of District Forest Officers to confirm timber sales be enhanced from Rs. 500 to Rs. 1,000 subject to the following conditions:—

(1) That the rate realised in a sale does not fall short of the average of the three previous sales by more than five per cent or is more than that realised at the previous sales.

(2) That the power of confirming sales up to the limit of Rs. 1,000 should be exercised only in the case of timber.

(3) That the confirmation of sales is ordered by District Forest Officers only after payment of the full purchase money.

Recruitment to the Establishments under Municipal Councils.

READ—

Government Order No. 6129-6192—Ml. 145-24-52, dated 19th February 1925, approving, among other matters, of the employment as a general rule of only Officials in Government Service by Town and Minor Municipal Councils for all non-gazetted executive and clerical appointments excepting a few specified therein and approving of certain rules in the matter.

2. Government Order No. L. 5347-407—Ml. 22-26-42, dated 2nd February 1927, directing that the provisions of the rules approved in the Government Order of 19th February 1925, be made applicable to the Non-Gazetted executive and clerical appointments under the Bangalore City Municipal Council and requesting the Municipal Council to submit necessary rules under Section 44 of the Mysore Municipal Regulation.

3. Correspondence ending with letter No. L. 5408—Ml. 22-26-43, dated 2nd February 1927, to the President, Mysore City Municipal Council, suggesting that the rules applicable to recruitment of Non-Gazetted executive and clerical appointments should be uniform in both the City Municipalities and requesting the submission of necessary rules for the approval of Government.

4. Government Order No. L. 6052-123—Ml. 158-26-1, dated 1st March 1927, issuing certain rules regulating recruitment, pay and other matters relating to the officers and servants of Town and Minor Municipal Councils.

ORDER NO. L. 3318-36—ML. 167-30-2, DATED 25TH OCTOBER 1930.

The rules approved in the Government Orders of 19th February 1925, 2nd February 1927 and 1st March 1927 read above, provide for th

Government officials to certain appointments under the Town and Minor Municipal Councils and the Bangalore City Municipal Council. The mode and conditions of appointing officers (1) for all appointments under the Mysore City Municipal Council and (2) for appointments under Town Municipal Councils with the exception of those to be filled by officials lent from Government Departments are now left to be regulated by the rules made by the Municipal Councils concerned under Section 46 of the Municipal Regulation. In the case of the Bangalore City Municipality where there is now a Municipal Commissioner appointments up to Rs. 100 except in cases falling under Section 186 (k) of the Municipal Regulation may be made by the Municipal Commissioner under Section 186 (j) of the Regulation subject to the general rules of recruitment that may be made by the Government from time to time. In the case of Minor Municipalities the mode and conditions of appointment have to be regulated by rules to be made by Government under Section 187 of the Municipal Regulation as the Minor Municipal Councils are excepted from the provisions of the said Section.

2. No rules purporting to be made under Sections 186 (j) and 187 of the Municipal Regulation have so far been issued by the Government. The rules called for from the City Municipal Councils to secure uniformity in this respect have not also been received. In these circumstances, Government, after a careful consideration of the matter, think that in all cases in which appointments are not filled up by persons in Government service lent for the purpose a uniform procedure should be followed in regard to the mode and conditions of appointment for all Non-Gazetted executive and clerical posts in the superior grade of all Municipal Councils and that it is inexpedient to leave the matter to be regulated by rules to be made by the Municipal Councils. Government are accordingly pleased to exercise the powers conferred on them by Section 186 (j), sub-section (3) of Section 187 and Clause (a) of the proviso to Section 46 of the Municipal Regulation and make the rules in the notification appended to this order. The notification will also be published in the Gazette.

4. In order to give effect to these rules, Government are also pleased to direct as follows:—

(1) For the purpose of rule 1, the classification of appointments and the qualifications required therefor shall be the same as those prescribed for appointments of corresponding grades in Government Departments.

(2) The agency for the purpose of advertising vacancies under clause (b) of rule 2 shall be the Secretary, Central Recruitment Board.

(3) The returns required to be submitted under rule 3 shall be sent to the Secretary, Central Recruitment Board and shall be in such form as may be prescribed by the Government.

2. The President, City Municipal Council, Mysore.
3. The Municipal Commissioner, Bangalore City Municipality, Bangalore.

Government having in their Order No. 1266-75—Ml. 365-29-2, dated 13th August 1930, sanctioned the proposal to stock in this office and supply the receipt books relating to the collection of several items of revenue of the Municipal Bodies in the State, the following subsidiary instructions are issued in the matter:—

(i) The receipt books in the marginally noted forms of Municipal Manual, Part II Accounts, which were hitherto being supplied by the Superintendent, Government Printing, will henceforward be supplied by this office. The Superintendent, Government Printing, has been requested not to supply books in these forms direct to any Municipality or Deputy Commissioner.

Form No. 16 B for House tax
Do 17 B for Profession tax
Do 28 Octroi
Do — For Mis. Receipts and for taxes other than Pound and Octroi
Do 63 } For Pound
Do 64 }

(ii) Every Municipality should in future apply to this office in the following form for these receipt books a fortnight before the last receipt book is likely to be exhausted and the indent should include a supply required for the next three months:—

Name of Municipality	Name of form	Date of last supply	Number supplied	Blance on hand	Number now required	Remarks	Signature of President or Vice-President

(iii) The practice which is prevalent in some Municipalities of issuing receipts in any counterfoil form available when a stock of the prescribed form is exhausted should be discontinued at once. Arrangements should be made to keep on hand a sufficient supply of receipt books in the prescribed form and the use of other substitutes strictly avoided.

(iv) In the consolidated indent of the forms, etc., of the Municipalities to be sent to the Superintendent, Government Printing by the 31st March of each year by the Deputy Commissioner, as per Note 2 to Rule 377, Municipal Manual, the receipt books in the forms referred to at (i) above, which are supplied by this office, should be omitted to be included and a separate annual indent for them sent to this office. This latter will be used for estimating the requirements of the local bodies and getting the forms printed but the actual supply to the Municipalities concerned will be made only on receipt of indents referred to in (i) above.

(v) Of the receipt books in forms 16 B, 17 B, 20, 28, 63 and 64 now in stock in the several Municipalities a supply sufficient to last for the next three months may be retained and the remaining books returned to this office at once with a report as to the number of books of each kind on hand, number retained for use in the next three months and number returned. An acknowledgment will be sent by this office for the receipt books returned which should be nled carefully and produced during local audit.

(vi) The receipt books supplied by this office should be continued to be entered in a stock book and accounted for as hitherto in the manner indicated in rule 377, Municipal Manual. Till receipt books containing machine numbered pages are supplied the pages in each receipt book should be serially numbered and a certificate as to the number of pages contained therein furnished under the signature of the President or the Vice-President before bringing it into use. The Municipal seal should be affixed on the top of each page.

(vii) With a view to enable this office to get a sufficient supply of these forms in advance from the Superintendent, Government Printing, the President of each Municipal Council (the Municipal Commissioner in the case of Bangalore City Municipality) is requested to intimate to this office, without delay the actual number of the books under each of these forms or any substitues therefor actually utilised during each of the past three years

Revision of the scales of pay of the Entire Establishment of the Revenue Department.

READ—

Government Order No. R. 1305-14—L. R. 105-28-104, dated 10—13th August 1929, passing orders regarding the revision of the scale of pay of the establishment of the Revenue Department in respect of officials getting a pay of less than Rs. 50 per mensem.

2. Correspondence ending with letter No. C. 2501—28-29, dated 28—30th June 1930, from the Revenue Commissioner in Mysore, requesting for reasons given, that sanction of Government might be obtained to the revision of the scale of the entire subordinate establishment of the Revenue Department.

ORDER No. R. 2422-32—L. R. 105-28-121, DATED 27TH OCTOBER 1930.

In their order of 10—13th August 1929, Government have sanctioned the revision of the grades in respect of officials whose pay does not exceed Rs. 50 per mensem, reserving to a future occasion the revision of the scales of officials on a pay exceeding Rs. 50 per mensem. Government have also directed that 15 hands in District Offices and 85 hands in Taluk Offices should be retrenched in view of the enhancement of pay in the progressive scales sanctioned in the said order. The Revenue Commissioner, however, now reports that this reduction would throw an additional burden on the remaining establishment, and that unless the officials in the higher grades exercised greater supervision and undertook more work, the quality of work in the Revenue Offices would not improve. He has therefore proposed that the Revision might be made to apply to the entire Revenue Establishment so that the officials in the higher grades might also get the benefit overdue to them and work contentedly.

2. The proposals of the Committee in respect of officials on a pay of Rs. 50 and above are as noted below:—

District Office.

8	District Sheristedars	150—25/2—200
8	Head Clerks	90— 5 —120
24	Heads of Sections	60— 4 — 80
19	Clerks	50— 2 — 60

District Treasury.

7	District Treasurers	80— 4 —100 (with a duty allowance of Rs. 20 per mensem in the Mysore and the Shimoga Districts).
7	Head Accountants	60— 4 — 80 (with a duty allowance of Rs. 10 per mensem for the Mysore District.)
6	Senior Accountants	50— 2 — 60

Sub-Division Office.

18	Head Clerks	50— 2 — 60

Taluk Office.

70	Sheristedars	60— 4 — 80

The Revenue Commissioner has now recommended that sanction of Government might be obtained to them in their entirety. He has suggested also that the pay of the two shroffs on Rs. 20 shown in Statement II appended to the Government Order of 10—13th August 1929 might be fixed at Rs. 25—1—35 as in the case of the other shroffs. These proposals involve an extra cost of Rs. 2,533⅜ per mensem or Rs. 30,403⅛ per annum. Government consider that these proposals are suitable and are pleased to approve of them.

3. Clause 9 para 10 of the Government Order No. 1305-14—L. R. 105-28-104, dated 10—13th August 1929, lays down that officials already in service are to be

to and that increments are not to be given to them in the new scales unless they satisfy the conditions prescribed in the order. The Revenue Commissioner reports that out of 1,253 officials in the District, Sub-Division and Taluk Offices drawing Rs. 50 and below, only 164 posts carry a progressive pay, that the rest carry fixed salaries and that a large majority of the officials have had no promotions for years together. This clause is also stated to affect adversely those who have been drawing a higher salary in the officiating appointments for fairly long periods. He therefore suggests that provision might be made for the grant of advance increments suitable to the conditions enunciated before and proposes the following working rules for approval:—

(i) All officials who are drawing a substantive pay of less than Rs. 25 to be started on Rs. 25 in the revised grade, provided that they are not drawing higher salaries in officiating appointments.

(ii) Officials in the grades of 25—1—30 and 30—1—35 in the Taluk Offices who are in the intermediate stages of the scales will not be entitled to any increments in the revised scale as they will have earned increments each year. Only those who have reached the maximum will be eligible for increments.

(iii) Officials who are drawing a substantive fixed pay and those who have reached the maximum in the progressive posts and are not officiating in appointments carrying higher pay, to be given advance increments at the rate of one increment for every two years of approved service, computed from the date of getting their present pay, the increments to be so given being limited to a maximum of two. But as regards officials in the higher grades of pay, *i.e.*, 50 and upwards, only one increment to be given if they have put in an approved service of three years and more.

(iv) If the officials have been acting on a higher salary than their substantive pay in long standing vacancies or for over a year, they may be started, in the revised scale, on a pay equivalent to their present salary instead of being reverted to their substantive pay in the new grade.

(v) As regards Gollars, one increment may be given for every two years of approved service, computed from the date of their getting the present pay, the increments to be so given being limited to a maximum of two as in the case of the other officials in grades below 50.

The Revenue Commissioner states that the extra cost involved during the current year will be Rs. 12,100. Government consider that in the case of officials acting on higher salaries in long standing vacancies, the starting salary in the new grades should be fixed on the said basis only when they have been acting continuously for over one year in the said appointments. In other cases the intial pay rule should be made applicable. Individual cases of hardship might be submitted to Government for orders, if necessary.

4. The allocation lists prepared in accordance with the principles enunciated above should be submitted to Government for approval. The Revenue Commissioner is however empowered to accord provisional sanction to them.

5. The revision of the scales of pay of the entire revenue establishment sanctioned in this order as well as that covered by Government Order of 10—13th August 1929 read above will take effect from 1st July 1930. (*Vide* statement appended to this order.) The Revenue Commissioner reports that out of the 100 hands ordered to be retrenched in the latter order, fifty would be retrenched when the revision scheme is given effect to and that the remaining fifty would be retrenched within a period of two years from 1st July 1930. Government agree with the Revenue Commissioner and direct that no vacancies permanent or temporary should be filled up until all the supernumeraries are absorbed.

Grant of Leave to Amildars and Deputy Amildars.

READ—

Letter No. C. 854—30-31, dated 29—30th August 1930, from the Revenue Commissioner in Mysore, recommending for reasons given that the Sub-Division Officers might be empowered to grant casual leave and Deputy Commissioners to grant privilege leave up to one month to Amildars and Deputy Amildars.

ORDER NO. R. 2512-21—L. R. 143-30-2, DATED 29TH OCTOBER 1930.

At present, casual leave to Amildars and Deputy Amildars is being granted by Deputy Commissioners and privilege leave by the Revenue Commissioner. It is reported that the present practice is causing considerable inconvenience to these officers and that orders sanctioning the leave are received long after the necessity therefor has ceased to exist. A resolution was also passed at the recent Conference of Amildars to the effect that the Sub-Division Officers might be empowered to grant casual leave to these officers and Deputy Commissioners to grant privilege leave up to one month. The Deputy Commissioners who were present at the conference are also reported to be agreeable to the proposal. Agreeing with the Deputy Commissioners, the Revenue Commissioner recommends that the Sub-Division Officers might be empowered to sanction casual leave to Amildars and Deputy Amildars and Deputy Commissioners to grant privilege leave to these officers up to a limit of one month in cases where no separate acting arrangements are required, local arrangements being made by placing the Taluk Sheristedars in charge of the current duties of these officers under Article 59 of the Mysore Service Regulations. In these circumstances, Government are pleased to approve of the Revenue Commissioner's recommendation.

Drilling Equipment.

READ—

Letter No. L. 3866-73—V. P. 49-29-6, dated 30th November 1929, from the General Secretary to Government, to the Presidents of District Boards, enquiring whether they are willing to equip themselves with well boring sets capable of boring wells up to a depth of 100 or 150 feet for use in the Districts.

2. Government Order No. D. 10729-47—I. & C. 408-28-18, dated 28th March 1930, sanctioning revised arrangements for a period of two years for putting down bore-holes for Local Bodies by the Department of Industries and Commerce with a view to solving the problem of the supply of drinking water in towns and villages.

3. Letter No. G. C. 449 of 29-30, dated 3rd April 1930, from the President, District Board, Tumkur District, stating that the subject was placed before the District Board on 15th March 1930 and forwarding for the information of Government a copy of tha Board's resolution to the effect that they were prepared to purchase a well boring set on condition that Government were agreeable to bear half the cost thereof, the other half being met by the Board.

ORDER NO. D. 4006-24—I. & C. 99-30-2, DATED 17TH OCTOBER 1930.

Under the revised rules sanctioned by Government in their order of the 28th March 1930 read above, it has been laid down that the cost of putting down bore-holes, including the transport of drills and incidental charges, will be shared both by Government and the Local Body concerned, the Local Body being required to bear two-thirds of the cost, the balance being met by Government in case where a bore-hole was successful and in other cases the cost being met in equal proportions by the Government and the Local Bodies. It is also further stated that the Department of Industries and Commerce will supply free of cost the drills required and will also bear the cost of repairing them as well as the cost of the supervising staff. Government consider that the above and other concessions given to District Boards and other Local Bodies in the Government Order of 28th March 1930, are sufficiently liberal for being taken advantage of by them.

As, however, the number of drills available with the Department of Industries and Commerce is not sufficient to meet the demand which has been insistent from all over the State, Government consider it desirable that the District Boards should purchase and own their own drills. As a measure of encouragement and in view of the importance of the question of the supply of drinking water in rural parts, Government will be prepared to sanction the grant of a subvention of half the cost of the drilling equipment to such of the Local Bodies as are prepared to purchase their own drills, in addition to the other concessions afforded to them in the Government Order in question. Government trust that the Local Bodies will largely avail themselves of the liberal concessions now offered.

The Director of Industries and Commerce is requested to ascertain how many Local Bodies may be expected to avail themselves of the concessions now sanctioned during the current year and the probable additional grant that will be required during the current year to meet the Government share of the cost of the equipments to be supplied.

M. SESHADRI,
District Magistrate.

COMPTROLLER'S OFFICE.

Subject—Regarding the supply of receipt books relating to several items of revenue of Municipal Councils.

Comptroller's Office Cir. No. 190 L.A.D, dated 16th October 1930.

To

1. The Deputy Commissioners of Districts.
2. The President, City Municipal Council, Mysore.
3. The Municipal Commissioner, Bangalore City Municipality, Bangalore.

Government having in their Order No. 1266-75—Ml. 365-29-2, dated 13th August 1930, sanctioned the proposal to stock in this office and supply the receipt-books relating to the collection of several items of revenue of the Municipal Bodies in the State, the following subsidiary instructions are issued in the matter:—

(i) The receipt books in the marginally noted forms of Municipal Manual, Part II Accounts, which were hitherto being supplied by the Superintendent, Government Printing, will henceforward be supplied by this office. The Superintendent, Government Printing, has been requested not to supply books in these forms direct to any Municipality or Deputy Commissioner.

Form No. 16 B for House tax
Do 17 B for Profession tax
Do 28 Octroi
Do — For Mis. Receipts and for taxes other than Pound and Octroi
Do 63 | For Pound
Do 64 |

(ii) Every Municipality should in future apply to this office in the following form for these receipt books a fortnight before the last receipt book is likely to be exhausted and the indent should include a supply required for the next three months:—

Name of Municipality	Name of form	Date of last supply	Number supplied	Blance on hand	Number now required	Remarks	Signature of President or Vice-President

(iii) The practice which is prevalent in some Municipalities of issuing receipts in any counterfoil form available when a stock of the prescribed form is exhausted should be discontinued at once. Arrangements should be made to keep on hand a sufficient supply of receipt books in the prescribed form and the use of other substitutes strictly avoided.

(iv) In the consolidated indent of the forms, etc., of the Municipalities to be sent to the Superintendent, Government Printing by the 31st March of each year by the Deputy Commissioner, as per Note 2 to Rule 377, Municipal Manual, the receipt books in the forms referred to at (i) above, which are supplied by this office, should be omitted to be included and a separate annual indent for them sent to this office. This latter will be used for estimating the requirements of the local bodies and getting the forms printed but the actual supply to the Municipalities concerned will be made only on receipt of indents referred to in (i) above.

(v) Of the receipt books in forms 16 B, 17 B, 20, 28, 63 and 64 now in stock in the several Municipalities a supply sufficient to last for the next three months may be retained and the remaining books returned to this office at once with a report as to the number of books of each kind on hand, number retained for use in the next three months and number returned. An acknowledgment will be sent by this office for the receipt books returned which should be filed carefully and produced during local audit.

(vi) The receipt books supplied by this office should be continued to be entered in a stock book and accounted for as hitherto in the manner indicated in rule 377, Municipal Manual. Till receipt books containing machine-numbered pages are supplied the pages in each receipt book should be serially numbered and a certificate as to the number of pages contained therein furnished under the signature of the President or the Vice-President before bringing it into use. The Municipal seal should be affixed on the top of each page.

(vii) With a view to enable this office to get a sufficient supply of these forms in advance from the Superintendent, Government Printing, the President of each Municipal Council (the Municipal Commissioner in the case of Bangalore City Municipality) is requested to intimate to this office, without delay the actual number of the books under each of these forms or any substitues therefor actually utilised during each of the past three years.
